OUR LOCATION

FRAMINGHAM NURSERIES are located in Framingham, Mass.—The Health Town—about halfway (21 miles) from Boston to Worcester, on the main line of the Boston and Albany division of the New York Central R. R. Also on the New Haven R. R. Good motor roads lead to Framingham from all directions. Visitors are cordially invited to inspect our nurseries on week-days. We are **POSITIVELY CLOSED TO BUSINESS ON SUNDAYS.**

THE PLANTING SEASON

The Spring Planting Season begins as soon as the frost is out of the ground (middle of March to first of April) and continues until the new growth starts—late May or early June.

SHIPPING DIRECTIONS

We are admirably situated for prompt shipping in all directions by rail. Good motor roads enable us to ship by motor truck, within a radius of 75 miles, at a moderate charge, provided the order is large enough to make a truck-load.

Customers are requested to state explicitly the mode of conveyance by which they desire their orders forwarded.

When no route or method is specified we exercise our judgment. In no case do we assume any responsibility after goods have been shipped, except for our own mistakes.

When loss or injury occurs, by delay or mishandling on the part of the carriers, claim should at once be made on the **TRANSPORTATION COMPANY** by the consignee.

PLANT NAMES

Authority for Names used in this price list is "Standardized Plant Names," published by the American Joint Committee on Horticultural Nomenclature and officially adopted by the American Association of Nurserymen.

If you have not a copy of this book and are not familiar with the new standardized names, you can obtain it from A. T. De La Mare Co., Inc., 448 West 37th Street, New York City.

Standard edition, cloth binding.....	\$5.00
Pocket edition, flexible binding, India paper.....	6.50
Interleaved edition, cloth binding.....	6.50

CONDITIONS OF SALE

1. The articles herein listed will be furnished according to the following schedule:

1 to 4 plants of the same kind and size will be priced at the each rate.

5 to 39 plants of the same kind and size will be priced at the ten rate.

40 or more plants of the same kind and size will be priced at the hundred rate when a hundred rate is listed.

250 or more plants of the same kind and size will be priced at the thousand rate when a thousand rate is listed.

FROM THIS SCHEDULE WE WILL NOT VARY because of the expense entailed in assembling an order made up of small lots of a kind.

2. Specimens personally selected by the purchaser or his representative (or specially selected by us at the request of the purchaser) will be priced according to their individual values.

3. The prices annexed are for the stock F.O.B. our freight station, or express company.

4. The prices in this list cancel those in all previous lists.

TERMS OF PAYMENT

Our terms are cash, except by special agreement. Unknown correspondents who wish to open an account will please give us the names of three parties with whom they have credit relations and allow us sufficient time to investigate same. We will ship C.O.D. when desired, with collection charges added to the bill, provided 20 per cent of the amount of the order accompanies the order as a guarantee. All accounts unpaid after the due date will be subject to sight draft without further notice.

HEALTHY PLANTS

We spend a great deal of time, money and effort every year in the eradication of insect pests and plant diseases. In addition, representatives of the Massachusetts Department of Agriculture each year carefully inspect our nurseries, eradicate any pests and destroy any diseased plants they may find. Their CERTIFICATE OF INSPECTION, which accompanies every shipment we make, is your assurance of receiving only healthy nursery stock.

OUR GUARANTEE

We guarantee the stock herein listed to be—

1. Grown with the greatest skill and science that our years of experience have brought us.
2. True to name.
3. Alive at time of shipment.
4. Healthy and free from disease.
5. Dug properly.
6. Packed so as to reach destination in good condition.

If goods are not as represented ON ARRIVAL, NOTIFY US IMMEDIATELY. Failure to do so voids this guarantee.

Any stock ordered from this list found untrue to name will be cheerfully replaced during the next planting season after its falsity becomes apparent.

Our responsibility ends when you accept the plants (except for untruthfulness to name). If you choose to neglect them we cannot be held responsible. Plants are perishable living organisms. Their success depends upon the care YOU give them. Treat them well.

EVERGREEN TREES

We grow our evergreens with the greatest care. Not only do we prune the tops for shape, but we also PRUNE the ROOTS, and TRANSPLANT the trees many times. This results in a mass of fibrous roots which is the deciding factor in the successful planting of evergreens. For this reason our evergreens should not be confused with quickly and cheaply grown, non-pruned and non-transplanted stock.

We also dig our evergreens with a ball of the earth in which they are grown, and wrap the ball securely in burlap. This we do WITHOUT ADDITIONAL CHARGE.

2 to 2½ ft.....	3.50		

HARDY HYBRID RHODODENDRONS

We offer the following sorts which we have grown from seeds of Hybrid Rhododendrons. While those that have already blossomed follow their parents to a considerable degree in color of the flowers, WE DO NOT GUARANTEE THE COLOR. These plants are MUCH HARDIER THAN THE GRAFTED HYBRIDS.

15 inches tall B&B.....	\$3.50 each
18 inches tall B&B.....	4.50 each
2 ft. tall B&B.....	6.00 each
2½ ft. tall B&B.....	8.00 each
Abraham Lincoln—Red, 15 in., 18 in., 2 ft.	
Album Elegans—Blush white, 15 in., 18 in.	
Caractacus—Red, 15 in., 18 in.	
Catawbiense grandiflorum—Rosy purple, 15 in., 18 in.	
Hanna Felix—Dark red, 15 in.	
Kettledrum—Crimson, 15 in., 18 in.	
Lady Armstrong—Rose, 15 in., 18 in.	
President Lincoln—Rose, 15 in., 18 in., 2 ft., 2½ ft.	

DECIDUOUS SHADE AND ORNAMENTAL TREES

Caliper measurements are taken 12 inches above ground.
Varieties marked "B & B" are always dug with Ball and
Burlapped at No Additional Cost.

QUALITY NURSERY STOCK

Experience has proved that it is unprofitable to plant any but the best grade of Nursery Stock. The cost of transportation, the cost of planting and after care—whether paid in money or in physical effort—are too great to lay out on plants that will fail to fulfill their purpose and which will require that the work be done over in a short while.

At the most, the initial saving in buying poorly grown stock is small—in any case less than the cost of buying new plants and the cost of replanting.

Save yourself time, money and effort. Buy plants that have been grown by experts, on properly selected soil, in a rugged climate. Buy plants that have been properly pruned and trained to give immediate effect. Buy plants that have root systems sufficient to assure transplanting success—buy FRAMINGHAM NURSERY STOCK.

DECIDUOUS FLOWERING AND ORNAMENTAL SHRUBS

Varieties marked "B&B" are always dug with Ball and Burlapped at No Additional Cost.

WILSON'S CHINESE COTONEASTERS

Few recent additions to the horticulture of America have met with as much popularity as have the CHINESE COTONEASTERS introduced by Mr. E. H. ("Chinese") Wilson, Asst. Director of Arnold Arboretum, and famous horticultural explorer. These shrubs are all valuable for their profusion of flowers and fruits and some for their glossy, semi-persistent leaves. We take pleasure in offering the following species to those who appreciate new and valuable plants.

	Each	Per 10	Per 100
COTONEASTER acutifolia villosula—			
Red Flowers, Black Fruit			<i>Peking Cotoneaster</i>
2 to 3 ft.....	\$.75	7.00	
3 to 4 ft.....	1.00	9.00	
4 to 5 ft.....	1.25	11.00	
5 to 6 ft.....	1.50		
ambigua—Red Flowers, Black Fruit

HARDY ROSES

Strong field grown plants, \$1.00 each for less than 5 of one kind; 5 or more of one kind at \$9.00 for 10.

If we are out of the variety ordered, we shall select the variety most closely resembling it UNLESS OTHERWISE ADVISED.

Our list of Roses, while not long, has been carefully selected to include those varieties of finest type which succeed best in this rugged climate.

HYBRID PERPETUAL ROSES

Frau Carl Druschki—Large pure white.

Gen. Jacqueminot—Bright scarlet-crimson. Fragrant.

Mme. Gabriel Luizet—Light silvery pink. Slightly fragrant.

Mrs. John Laing—Large, soft pink, fragrant and steady bloomer.

Mrs. R. G. Sharman-Crawford—Large, deep rosy pink, fragrant.

Paul Neyron—Deep rose, very large, fragrant.

Persian Yellow—The old-fashioned yellow rose. Fragrant.

Prince Camille de Rohan—Deep velvety crimson, pleasing fragrance.

Ulrich Brunner—Cherry-crimson, large, fragrant.

HYBRID TEA ROSES

While somewhat less hardy than the preceding group, this class of roses is desirable for its delicate rare colors and fragrance. We list only the best sorts for severe northern conditions.

Columbia—Bright pink, sweet scented.

Francis Scott Key—Crimson, very large and double, slightly fragrant.

Gen. MacArthur—Deep velvety scarlet, very fragrant.

Gorgeous—Yellow, flushed with copper.

Gruss an Teplitz—Clear crimson-scarlet, intensely fragrant. Vigorous.

Hadley—Bright red, fragrant.

Kaiserin Auguste Viktoria—Soft creamy white, fragrant.

Killarney Queen—Deep shell pink, long pointed buds.

Killarney White—Pure white, long pointed buds.

Los Angeles—Luminous flame pink, toned coral. Fragrant.

Mme. Caroline Testout—Large satiny pink. Fairly fragrant.

Mme. Edouard Herriott—Coral-red, shaded with yellow and bright rosy scarlet.

Mrs. Aaron Ward—Indian-yellow, pinkish fawn when full. Fragrant.

Ophelia—Creamy pink and pale pink bloom, very fragrant.

Radiance—Flowers very large, light silvery pink to salmon-pink.

Red Radiance—Deep rose-red. Foliage excellent.

Sunburst—Bright glowing orange. Fragrant.

POLYANTHAS

Baby Dorothy—Pink.
Erna Teschendorf—Bright red, semi-double flowers.
Jessie—Glowing crimson flower with a white eye.
Katherine Zeimet—Large clusters of pure white, double,
small flowers.
Mme. Cecil Brunner—Double, bright rose flowers. Fragrant.
Mrs. W. H. Cutbush—Medium-sized, rosy pink blooms.
Very free bloomer.

HYBRID RUGOSA ROSES

Strong field grown plants, \$1.00 each for less than 5 of a kind; 5 or more of a kind at \$9.00 per 10.

Conrad F. Meyer—Deep silvery rose, large, double, fragrant.
F. J. Grootendorst—Beautiful small red flowers in clusters.
Sir Thomas Lipton—Double pure white.

CLIMBING ROSES

Strong field grown plants.
75c each; \$6.00 per 10.

American Pillar—Cherry pink, white eye, yellow stamens.
Crimson Rambler—Deep crimson flowers.
Dorothy Perkins—Shell pink flowers, glossy foliage, slightly
fragrant.
Dorothy Perkins White—Similar to Dorothy Perkins, but
white.
Dr. Van Fleet—Deep flesh pink, large flowers, glossy foliage.
Gardenia—Bright yellow in bud, opening cream color.
Paul's Scarlet Climber—Vivid scarlet, semi-double.
Purity—Semi-double, pure white, large, foliage glossy.
Silver Moon—Creamy buds, flowers white, large, semi-
double.
Tausendschon—Large trusses of pink blossoms, very double.
White Rambler.
Yellow Rambler.

OUR NATIVE WILD ROSES AND OTHER ROSE SPECIES

We grow a full line of this desirable class of Roses. They
are listed on page 35.

HERBACEOUS PERENNIALS

Nearly all the sorts herein listed are strong field-grown plants. The only exceptions are a few sorts which transplant better when grown in pots; also some of the new and rare varieties.

Varieties marked with an asterisk (*) are particularly suitable for the rock garden.

Terms and conditions are the same as specified on page 3 of the regular list.

NOTE. ON PERENNIALS ONLY, 25 or more plants of one kind are priced at the hundred rate, wherever a hundred rate is given.

Woundwort	56	Yucca	57
Yarrow	44	Zanthorrhiza	39

QUALITY NURSERY STOCK

Experience has proved that it is unprofitable to plant any but the best grade of Nursery Stock. The cost of transportation, the cost of planting and after care—whether paid in money or in physical effort—are too great to lay out on plants that will fail to fulfill their purpose and which will require that the work be done over in a short while.

At the most, the initial saving in buying poorly grown stock is small—in any case less than the cost of buying new plants and the cost of replanting.

Save yourself time, money and effort. Buy plants that have been grown by experts, on properly selected soil, in a rugged climate. Buy plants that have been properly pruned and trained to give immediate effect. Buy plants that have root systems sufficient to assure transplanting success—buy Framingham Nursery Stock.

PLANT FANCIERS

A careful perusal of this price list will reveal a multitude of plants which will be found to be very beautiful and interesting. Some are new, others are rare, while still others, which we have grown for many years, are not well known to the general public. All of these sorts are grown with the greatest care and attention. We shall be glad to have you examine them at our nurseries.

BUY TIME

When you buy nursery stock in the larger sizes you are buying time. Buy big trees and get the benefit of them YOURSELF. The largest trees we list will transplant successfully, because they are grown with heavy root systems.
